BRIDAL HEADPIECES & JEWELLERY PRO

This course is divided into 12 modules. Each module has an introduction video that will guide you through the module.

All hands-on training has the form of a step-by-step video but is also available as a tutorial with text and detailed images, which you can come back to at any time, to refresh your memory without re-watching the video.

You will also have access to magazine-style text, packed with images, covering various topics such as beads, headpieces, product photography, pricing products and wholesale.

If you have any questions about the structure of this course, please e-mail us at hello@weddingcraftsacademy.com
